## **VISION AND MISSION STATEMENTS**

### **Vision**

To establish a teaching, residential and affiliating University and to provide equitable and just access to quality higher education involving the generation, dissemination and a critical application of knowledge with special focus on the development of higher education in Kasaragod and Kannur Revenue Districts and the Mananthavady Taluk of Wayanad Revenue District.

### **Mission**

- To produce and disseminate new knowledge and to find novel avenues for application of such knowledge.
- To adopt critical pedagogic practices which uphold scientific temper, the uncompromised spirit of enquiry and the right to dissent.
- To uphold democratic, multicultural, secular, environmental and gender sensitive values as the foundational principles of higher education and to cater to the modern notions of equity, social justice and merit in all educational endeavours.
- To affiliate colleges and other institutions of higher learning and to monitor academic, ethical, administrative and infrastructural standards in such institutions.
- To build stronger community networks based on the values and principles of higher education and to ensure the region's intellectual integration with national vision and international standards.
- To associate with the local self-governing bodies and other statutory as well as non-governmental organizations for continuing education and also for building public awareness on important social, cultural and other policy issues.

## INTRODUCTION

The Higher Education System in Kerala has entered a new phase with the implementation of the Four-Year Undergraduate Programme (FYUGP). This program aims to completely change the existing higher education system in the state, driven by both international and national influences. Its main objective is to make the curriculum and courses more student-centric and industry-centric. Aligned with the Kerala Higher Education Regulations and Curriculum Framework, the Kannur University Four-Year Undergraduate Programme emphasizes a more holistic and multidisciplinary education to develop all aspects of human capacity.

The Board of Studies (BoS) in Political Science at Kannur University has introduced the curriculum and syllabus for the four-year undergraduate program with the intention of nurturing critical thinking and problem-solving skills, while also fostering qualities such as citizenship, leadership, and a global perspective among learners.

The BoS in Political Science organised workshop and many rounds of formal and informal discussions with experts to prepare curriculum and syllabus for FYUGP in Political Science. The BoS hopes that once the program is completed, learners will acquire essential skills like critical thinking, problem-solving, a comprehensive understanding of complex issues, citizenship and leadership qualities, and the ability to understand diverse issues and perspectives. On behalf of the Board of Studies, and myself being Chairperson of the BoS, I express my immense and heartfelt thanks to all teachers who have co-operated with this academic exercise. I also express my sincere thanks to Dr B Bindu, Professor, Department of Anthropology, Kannur University, Dr G. Geethika, Assistant Professor, Union Christian College, Aluva to their co-operation to the Board of Studies in syllabus preparation.

#### Course Description:

This course offers a comprehensive understanding of the society, economy, and politics of Kerala. It helps learners explore the history of Kerala from ancient times to the present. The course examines the unique caste-class structure of Kerala society, shedding light on the inequalities, suppression, and exploitation inherent in the caste system. Additionally, it discusses the role of social reformers, movements, and progressive political initiatives in shaping modern Kerala. The course also covers the progressive legislation that has made Kerala's development model unique, both within India and internationally. It further enables learners to understand the state's role in the social development of its people. Furthermore, the course addresses contemporary issues faced by the state, such as the fiscal crisis and the marginalization of certain communities from mainstream development.

#### Course Description:

This course is designed to provide a thorough understanding of New Social Movements (NSMs), their historical context, how they differ from old social movements, and the major debates surrounding their nature. It introduces key theorists, various types of NSMs, and significant examples of such movements in India. The course helps learners identify the distinctions between old and new social movements and raises awareness about the issues faced by marginalized and oppressed groups—issues often overlooked by mainstream political parties and movements. It also opens up new avenues for research and critical inquiry into social transformation.

#### Course Prerequisite: NIL
